SUGGESTED ANSWERS/HINTS

1. (a) The previous year for the assessment year 2009-10 is 2008 - 09. During this period Mr. Raja was in India for 137 days (30 + 31 + 30 + 31 + 15). As he is not in India for 182 days, he does not satisfy the first condition of category A. The second condition of category A is also not satisfied because he is a citizen of India and leaves India during the previous year for employment outside India. Therefore, covered under exception No.1 where 60 days will be substituted by 182 days. Hence, he is a non-resident.
- (b) In this case, although he does not satisfy the first condition of category A, he satisfies the second condition as he was in India for more than 60 days in the relevant previous year and was also here for more than 365 days during four preceding previous years. He is therefore, resident in India. The exception will not be applicable to him because he did not leave India for the purpose of employment. He satisfies both the conditions of category B because he has always been in India before 15-8-2008.

The status of the assessee for the previous year 2008-09 will in this case be resident and ordinarily resident in India.

2. Surcharge on Income-tax

- (1) In the case of every person being an individual, HUF, AOP or BOI whose income exceeds Rs.10,00,000, the amount of income-tax, is to be increased by a surcharge calculated @ 10% of such income-tax.
- (2) In the case of artificial juridical person, the rate of surcharge is 10%
- (3) In the case of firms, the rate of surcharge is 10%, where the total income exceeds Rs.1 crore.
- (4) In the case of domestic companies, the rate of surcharge is 10%, where the total income exceeds Rs.1 crore.
- (5) In the case of foreign companies, the rate of surcharge is 2.5%, where the total income exceeds Rs.1 crore.
- (6) No surcharge is payable in the case of cooperative society and local authority.

Education cess and Secondary and higher education cess on Income-tax

The amount of income-tax as increased by the union surcharge should be further increased by an additional surcharge called the "Education cess on income-tax", calculated at the rate of 2% of such income-tax and surcharge. Further, "Secondary and higher education cess on income-tax" (SHEC) @1% of income-tax plus surcharge, if applicable, is leviable to fulfill the commitment of the Government to provide and finance secondary and higher education. Education cess and SHEC are leviable in the case of all assesseees i.e. individuals, HUFs, AOP/ BOIs, firms, local authorities, co-operative societies and companies.

3. Tax exemption to political parties

Section 13A of the Income-tax Act grants exemption from tax to political parties in respect of their income specified below:

- (i) Income from house property;
- (ii) Income from other sources;
- (iii) Capital gains; and
- (iv) Income by way of voluntary contributions received by the political parties from any person.

The aforesaid categories of income would qualify for exemption without any monetary or other limit and the income so exempted would not even be includible in the total income of the political party for the purpose of assessment. The income if any, derived by the political party by way of capital gains and profits and gains of business and profession would not, however, qualify for tax exemption. The tax exemption will be applicable only if the following conditions are fulfilled:

- (i) The political party must keep and maintain such books and other documents as would enable the Income-tax officer to properly deduce the income of the political party from those accounts.

- (ii) The political party must keep and maintain records in respect of each such voluntary contribution which is in excess of Rs.20,000 giving details of the amounts received, the name and address of the person who has made the contribution, the date of receipts and such other details as may be relevant or appropriate. But this does not mean that the political party need not disclose smaller contribution in its accounts which are maintained by it. The obligation to maintain proper record of voluntary contribution in excess of Rs.20,000 is over and above the obligation to maintain proper records and books of accounts in respect of all the income and expenses of the party.
- (iii) The accounts of the political party must be audited by a Chartered Accountant who is authorised, under section 228 of the Act, to appear as an authorised representative in income-tax proceedings before any income-tax authority. In other words, a practising Chartered Accountant should audit the accounts of the political party regardless of the amount of the income and volume of transaction of the political party.

Further, a report under section 29C(3) of the Representation of People Act, 1951 has to be submitted by the treasurer of such political party or any other person authorized by the political party in this behalf for every financial year. If there is a failure to submit the above report, no exemption under this section shall be available for the political party for that financial year.

For the purposes of this section, "political party" means a political party registered under section 29A of the Representation of the People Act, 1951.

Depreciation for the year	37,500	1,72,500	59,500	Nil	Nil

- Block B 10% on Rs.15,00,000 + 1/ 2 of 10% on Rs.4,50,000 = Rs. 1,72,500.
- Total depreciation Rs.2,69,500 (Block A+B+C).

3. In respect of block D & E, depreciation can not be claimed since provisions of section 50 become applicable. Consequently, the short term capital gain or losses in respect of these 2 blocks are computed here under:

Particulars	Block D	Block E
Full value of consideration (I)	6,00,000	9,50,000
Less: i) Expenses for transfer	45,000	25,000
ii) W.D.V. of the block	4,00,000	6,00,000

Total (II)	5,45,000	8,75,000
Short term capital gain(loss) (I) - (II)	55,000	75,000

8. Painting, though held for personal purpose and are movable in nature shall be considered to be capital assets under section 2(14). Accordingly, any transfer thereof is subject to tax under the head "Capital gains." Therefore, in the given case, tax implications for various alternatives are as follows:

Situation	Tax Implications
(a) Sell paintings to Mr. Amar friend	Capital gains on sale of such paintings are chargeable to tax under the head capital gains.
(b) Gift the painting to Mr. Vijay, father-in-law.	As per the provisions on Section 47(iii), gift of capital asset under a Will is not a transfer and therefore, not chargeable to capital gains tax. (ii) In the case of recipient, Section 56 is not applicable since the gift received is of non-monetary in nature.
(c) Sell the painting to National Art Gallery, Mumbai	The gain arising on sale of paintings is not chargeable to tax since, sale of such assets are not to be considered as transfer by virtue of section 47(ix).
(d) Gift the painting to Public Museum, New Delhi	Gift is not a transfer as per section 47(iii). Therefore, the transaction is not subject to any tax implications in the hands of the seller.

12. Scheme for submission of returns through Tax Return Preparers [Section 139B]

- (1) Section provides that, for the purpose of enabling any specified class or classes of persons to prepare and furnish their returns of income, the CBDT may notify a Scheme to provide that such persons may furnish their returns of income through a Tax Return Preparer authorised to act as such under the Scheme.
- (2) The Tax Return Preparer shall assist the persons furnishing the return in a manner that will be specified in the Scheme, and shall also affix his signature on such return.
- (3) A Tax Return Preparer can be an individual, other than
 - (i) any officer of a scheduled bank with which the assessee maintains a current account or has other regular dealings.
 - (ii) any legal practitioner who is entitled to practice in any civil court in India.
 - (iii) a chartered accountant.
 - (iv) an employee of the 'specified class or classes of persons'.
- (4) The "specified class or classes of persons" for this purpose means any person other than a company or a person whose accounts are required to be audited under section 44AB (tax audit) or under any other existing law, who is required to furnish a return of income under the Act.

- (5) The Scheme notified under the said section may provide for the following -
- (i) the manner in which and the period for which the Tax Return Preparers shall be authorised,
 - (ii) the educational and other qualifications to be possessed, and the training and other conditions required to be fulfilled, by a person to act as a Tax Return Preparer,
 - (iii) the code of conduct for the Tax Return Preparers,
 - (iv) the duties and obligations of the Tax Return Preparers,
 - (v) the circumstances under which the authorisation given to a Tax Return Preparer may be withdrawn, and
 - (vi) any other relevant matter as may be specified by the Scheme.
- (6) Every Scheme framed by the CBDT under this section shall be laid before each House of Parliament while it is in session to make the same effective.
- (7) If both the houses decide in making any modification of Scheme, then the Scheme will have effect only in such modified form.
- (8) Similarly, if both the Houses decide that any Scheme should not be framed, then such Scheme will thereafter be of no effect.
- (9) However, such modification or annulment should be without prejudice to the validity of anything previously done under that scheme.
- (10) Accordingly, the CBDT has, in exercise of the powers conferred by this section, framed the Tax Return Preparer Scheme, 2006, which came into force from 1.12.2006.

As per this scheme, Tax Return Preparer means any individual who has been issued a Tax Return Preparer Certificate and a unique identification number by the Partner Organisation to carry on the profession of preparing the returns of income in accordance with the provisions of this Scheme. However, the following persons are not eligible to act as a Tax Return Preparer -

- (i) any person referred to in clause (ii) or clause (iii) or clause (iv) of sub-section (2) of section 288, namely, any officer of a Scheduled Bank with which the assessee maintains a current account or has other regular dealings, any legal practitioner who is entitled to practice in any civil court in India and an accountant.
- (ii) any person who is in employment and income from which is chargeable to income-tax under the head salaries

Educational qualification for Tax Return Preparers

Any individual who holds a graduation degree from a recognized Indian University in the fields of Business Administration or Management or Commerce or Economics or Law or Mathematics or Statistics shall be eligible to act as Tax Return Preparer.

13. VAT has three variants, viz., (a) gross product variant, (b) income variant, and (c) consumption variant. These variants are presented in a schematic diagram given below:

Different variants of VAT

Gross product variant	Income variant	Consumption variant

1. **Gross product variant:** Tax is levied on all sales and deduction for tax paid on inputs excluding capital inputs is allowed.
2. **Income variant:** Tax is levied on all sales with set-off for tax paid on inputs and only depreciation on capital goods.
3. **Consumption variant:** Tax is levied on all sales with deduction for tax paid on all business inputs (including capital goods).

Among the three variants of VAT, the consumption variant is most widely used.

Reasons for preference of consumption variant:

- (1) It does not affect decisions regarding investment because the tax on capital goods is also set-off against the VAT liability. Hence, the system is tax neutral in respect of techniques of production (labour or capital-intensive).
- (2) The consumption variant is convenient from the point of administrative expediency as it simplifies tax administration by obviating the need to distinguish between purchases of intermediate and capital goods on the one hand and consumption goods on the other hand.

14. **Computation of the VAT liability for the month of October 2009:-**

	Rs
Inputs purchased within the state	1,70,000
Capital goods used in the manufacture of the taxable goods	50,000
Input tax credit (including capital goods) (Rs. 21,250 + Rs. 6,250)	27,500
Output sold in the month (within the State)	2,00,000
Output tax @ 4%	8,000
VAT liability = Output tax – Input tax credit (Rs.8,000 – Rs.27,500)	Nil
Excess credit carried forward to subsequent period	19,500

15. Under VAT, credit of duty paid is allowed against the liability on the final product manufactured or sold. Therefore, unless proper records are kept in respect of various inputs, it is not possible to claim credit. Hence, suppression of purchases or production

will be difficult because it will lead to loss of revenue. A perfect system of VAT will be a perfect chain where tax evasion is difficult.

16. Computation of purchases eligible for input tax credit:-

Particulars	Rupees
Inputs purchased for being used in the execution of a works contract	1,00,000
Goods purchased for sale to other parts of India in the course of inter-State trade or commerce	<u>20,000</u>
Purchases eligible for input tax credit	<u>1,20,000</u>

Note: For the purpose of computation of value of purchases eligible for input tax credit, following have not been included:-

- (1) Inputs purchased from a registered dealer who opts for composition scheme under the provisions of the Act of worth Rs. 10,000.
- (2) Raw material purchased from unregistered dealers of worth Rs. 70,000.
- (3) The inputs imported from outside the territory of India commonly known as high seas purchases of worth Rs.1,00,000.

17. Following are not eligible for composition scheme:-

- (i) a manufacturer or a dealer who sells goods in the course of inter-state trade or commerce; or
- (ii) a dealer who sells goods in the course of import into or export out of the territory of India.
- (iii) a dealer transferring goods outside the State otherwise than by way of sale or for execution of works contract.

18. Tax rates under VAT:

1. **Exempted category:-** There are about 50 commodities which are legally barred from taxation and items which have social implications.
2. **4% VAT category:-** Under 4% VAT rate category, there are largest number of goods comprising of items of basic necessities, all agricultural and industrial inputs, capital goods and declared goods.
3. **12.5% category:-**The remaining commodities, common for all the States, fall under the general VAT rate of 12.5%.
4. **1% Category:-**The special rate of 1% is meant for precious stones, bullion, gold and silver ornaments etc.
5. **Non-VAT goods:-** Petrol, diesel, ATF, other motor spirit, liquor and lottery tickets are kept outside VAT. The States may or may not bring these commodities under VAT laws.

19. (a) For the half-yearly period ending September 30, 2009, the due date for filing the return is October 25, 2009. However, since October 25 is Sunday, the assessee can file the return on the next immediately succeeding working day i.e. October 26, 2009. Hence, if Suyogya Consultancy Services files its return of service tax on October 26, 2009, it shall not be liable to pay the late fee for delay in furnishing the return.
- (b) For the half-yearly period ending September, 2009, the assessee can file the return up to October 26, 2009 (as discussed above). However, Suyogya Consultancy Services files its return of service tax on November 15, 2009. Hence, it shall be liable to pay the late fee of Rs. 1,000 for delay in furnishing the return.
20. Rule 6(1) of the Service Tax Rules, 1994, inter alia, provides that service tax on the value of taxable services received by an individual during any quarter is payable by the 5th day of the month immediately following the said quarter. Therefore, in the given case, the due date for payment of service tax is July 5, 2009.
- Further, in case the amount of service tax is paid by cheque, the date of presentation of cheque to the designated bank, subject to realization is the date of payment. Thus, in this case, the date of payment will be 5th July, 2009 as the cheque has been realized on 7th July, 2009.
- Since, the service tax has been paid on the due date, no interest and penalty is chargeable as there is no delay in payment of service tax.
21. The statement is invalid. Notification No. 24/2004 dated 10.09.2004 provides that the taxable services provided to any person in relation to commercial training or coaching, by a vocational training institute are wholly exempt from the service tax. Therefore, in the given case, services provided by JB Institute of Management are not taxable under the category of "commercial training or coaching services".
22. Procedure for claiming the exemption of service tax paid on the services provided in relation to the authorized operations in a Special Economic Zone (SEZ), and received by a developer or units of a SEZ:-
- (a) the developer or units of SEZ shall be eligible to claim exemption for the services provided to the developer or units of SEZ and used in relation to the authorised operations in the SEZ, and not the person liable to pay service tax.
- However, where the developer or units of SEZ and the person liable to pay service tax under sub-section (2) of section 68 for the said services are the same person, then in such cases, exemption for the specified services shall be claimed by such person;
- (b) the exemption shall be claimed by filing a claim for refund of service tax paid to the jurisdictional Assistant Commissioner/Deputy Commissioner of Central Excise, as the case may be, within six months from the date of actual payment of service tax by such developer or unit to service provider or, such extended period as may be permitted;

- (c) the unregistered developer or units of SEZ, shall, prior to filing a claim for refund of service tax under this notification, file a declaration in the prescribed form with the respective jurisdictional Assistant Commissioner/ Deputy Commissioner of Central Excise, as the case may be;
 - (d) the refund claim shall be accompanied by the following documents, namely:-
 - (i) a copy of the list of specified services required in relation to the authorised operations in the SEZ, as approved by the Approval Committee;
 - (ii) documents for having paid service tax;
 - (iii) a declaration by the SEZ developer or unit, claiming such exemption, to the effect that such service is received by him in relation to authorised operation in SEZ;
 - (e) the jurisdictional Assistant Commissioner/ Deputy Commissioner of Central Excise, as the case may be, shall, after due verification, allot a service tax code (STC) number to the developer or units of SEZ within seven days from the date of receipt of the said form;
 - (f) the Assistant Commissioner/ Deputy Commissioner of Central Excise, as the case may be, shall, after satisfying himself that the said services have been actually used in relation to the authorised operations in the SEZ, refund the service tax paid on the specified services used in relation to the authorised operations in the SEZ;
 - (g) where any refund of service tax paid on specified services is erroneously refunded for any reasons whatsoever, such service tax refunded shall be recoverable under the provisions of the Finance Act, 1994 and the rules made there under, as if it is a recovery of service tax erroneously refunded.
- 23.** Notification No. 1/2006 ST dated 01.03.2006 provides that in case of services provided in relation to a tour by a tour operator where the tour operator provides a package tour, an abatement of 75% of the gross amount charged is granted if the bill issued for this purpose indicates that it is inclusive of charges for such a tour.

The said notification defines package tour as a tour wherein transportation, accommodation for stay, food, tourist guide, entry to monuments and other similar services in relation to tour are provided by the tour operator as part of the package tour to the person undertaking the tour. Therefore, the tour arranged by MOTC is a packaged tour.

Accordingly, in the given case, service tax is payable on 25% of the gross amount charged for the above services.

Therefore, the amount of service tax payable is as follows:-

Particulars	Rs.
Gross receipts	32,00,000
Less : Exemption under Notification No. 1/2006 ST dated 01.03.2006 (Rs. 32,00,000 × 75%)	24,00,000
Value of taxable service	8,00,000
Service tax payable (8,00,000 × 10.30%)	82,400

Notes:

- (1) The exemption under Notification No. 1/2006 ST dated 01.03.2006 is available only if:
 - (i) the CENVAT credit of duty paid on inputs or capital goods or the CENVAT credit of service tax on input services, used for providing such taxable service, has not been taken under the provisions of Cenvat Credit Rules, 2004; and
 - (ii) the service provider has not availed the benefit under the Notification No. 12/2003 ST, dated 20.06.2003.
- (2) The exemption available for small service provider under Notification No. 6/2005-ST dated 01.03.2005 as amended shall not be available in financial year 2008-09 because the gross receipts in preceeding financial year 2007-08 exceeds Rs. 10 lakh.

24. Special provision for payment of service tax in case of air travel agent: Rule 6(7) of the Service Tax Rules, 1994 provides that the person liable for paying the service tax in relation to the services provided by an air travel agent, shall have the option:

- (i) to pay an amount calculated at the rate of 0.6% of the basic fare in the case of domestic bookings, and
- (ii) at the rate of 1.2% of the basic fare in the case of international bookings, of passage for travel by air, during any calendar month or quarter, as the case may be, towards the discharge of his service tax liability instead of paying service tax at the rate of specified service tax. The option once exercised, shall apply uniformly in respect of all the bookings of passage for travel by air made by him and shall not be changed during a financial year under any circumstances.

For the purposes of this sub-rule, the expression "basic fare" means that part of the air fare on which commission is normally paid to the air travel agent by the airline.

25. As per section 64(1) of the Finance Act, 1994 as amended, service tax provisions do not extend to the State of Jammu and Kashmir. Therefore, service tax will not be payable if service is provided in Jammu & Kashmir. However, since service tax is a destination based consumption tax, if a person from Jammu & Kashmir provides the taxable service outside Jammu & Kashmir in any other part of India, the service will be liable to service tax, as the location where service is provided is relevant. Hence, the services provided by a person having a place of business in the State of Jammu and Kashmir providing services in any other place in India are taxable under the Finance Act, 1994 as amended.

IMPORTANT CIRCULARS / NOTIFICATIONS ISSUED BETWEEN 1.5.08 and 30.4.09

Students may note that the Study Material for Taxation contains all the relevant amendments made by the Finance Act, 2008 and significant notifications, circulars and legislative amendments made upto 30.4.2008. It may carefully be noted that for the students appearing in November 2009 examination, the amendments made by Notifications, Circulars etc. up to 30.04.2009 are relevant. The following are the amendments which have been made between 1.05.2008 and 30.04.2009 -

A. INCOME TAX

I. CIRCULARS

1. Circular No. 5/2008 dated 14.7.2008

The CBDT has, vide notification S.O. No. 493(E), dated 13.3.2008 notified the categories of taxpayers who are mandatorily required to electronically pay taxes on or after 1st April, 2008. The taxpayers who are required to pay taxes by the prescribed mode are - (i) a company; and (ii) a person (other than a company), to whom the provisions of section 44AB of the Income-tax Act, 1961 are applicable. Further, payment of tax electronically has been defined to mean payment of tax by way of - (i) internet banking facility of the authorised bank or (ii) credit or debit cards.

Consequent to issue of the notification, foreign assesseees have been facing difficulties in complying with the provisions with regard to mandatory e-payment of taxes. Since they do not have a presence in India, they are not able to meet the 'know your customer norms' of the banks. This has resulted in their inability to open bank accounts and make payment of taxes through the electronic mode. Also, the resident taxpayers have been facing difficulties in availing internet banking facilities of the authorized banks. A clarification has also been sought as to whether payment of tax deducted at source by a deductor will fall within the meaning of 'tax' for the purpose of the impugned notification.

Therefore, with a view to facilitating electronic payment of taxes by different categories of taxpayers, CBDT has issued Circular No.5/2008 dated 14.7.2008 to clarify that an assessee can make electronic payment of taxes also from the account of any other person. However, the challan for making such payment must clearly indicate the Permanent Account Number (PAN) of the assessee on whose behalf the payment is made. It is not necessary for the assessee to make payment of taxes from his own account in an authorized bank. Further, it is also clarified that payment of any amount by a deductor by way of Tax Deducted at Source (TDS) or Tax Collected at Source (TCS) shall fall within the meaning of 'tax' for the purpose of Rule 125 of the Income-tax Rules, 1962.

2. Circular No.7/2008 dated 1.8.2008

Order under section 119(1) of the Income-tax Act, 1961 regarding exemption from the TDS provisions under section 197 read in conjunction with section 10(26BBB) of the Income-tax Act, 1961

The CBDT has, in exercise of the powers conferred under section 119(1) of the Income-tax Act, 1961, directed that corporations which are established by a Central, State or Provincial Act for the welfare and economic upliftment of ex-servicemen and whose income qualifies for exemption from income-tax under section 10(26BBB) would also be exempt from tax deduction/collection at source on their receipts. This exemption shall be valid for 3 years from the date of issue of this order. However, this exemption shall not absolve such organisation from their statutory obligation of deducting TDS on all contractual payments made by them to other parties including sub-contractors etc.

3. Circular No.10/2008 dated 5.12.2008

Clarification regarding the meaning of the expression 'fish or fish products' used in Rule 6DD(e)(iii) of the Income-tax Rules, 1962

Under section 40A(3), disallowance is attracted in the computation of income in a case where a payment or aggregate of payments exceeding twenty thousand rupees is made to a person in a day, otherwise than by an account payee cheque drawn on a bank or an account payee bank draft. However, payment otherwise than by an account payee cheque drawn on a bank or by an account payee bank draft exceeding twenty thousand rupees does not attract the aforesaid disallowance in certain circumstances as prescribed under Rule 6DD of the Income-tax Rules, 1962. Such exceptions, inter-alia, refer to payment made to the producer for the purchase of fish or fish products under sub-clause (iii) of clause (e) of rule 6DD.

In regard to this sub-clause, the following clarifications have been issued for proper implementation of Rule 6DD -

- (i) The expression 'fish or fish products' used in rule 6DD(e)(iii) would include 'other marine products such as shrimp, prawn, cuttlefish, squid, crab, lobster etc.'.
- (ii) The 'producers' of fish or fish products for the purpose of rule 6DD(e) would include, besides the fishermen, any headman of fishermen, who sorts the catch of fish brought by fishermen from the sea, at the sea shore itself and then sells the fish or fish products to traders, exporters etc.

However, the above exception will not be available on the payment for the purchase of fish or fish products from a person who is not proved to be a 'producer' of these goods and is only a trader, broker or any other middleman, by whatever name called.

4. Circular No.11/2008 dated 19.12.2008

Exemption under section 11 in case of an assessee claiming both to be a charitable institution as well as a mutual organisation

Section 2(15) defines charitable purpose to include the following:-

- (i) Relief of the poor
- (ii) Education
- (iii) Medical relief, and
- (iv) the advancement of any other object of general public utility.

An entity with a charitable object of the above nature was eligible for exemption from tax under section 11 or alternatively under section 10(23C) of the Act. However, it was seen that a number of entities who were engaged in commercial activities were also claiming exemption on the ground that such activities were for the advancement of objects of general public utility in terms of the fourth limb of the definition of charitable purpose. Therefore, section 2(15) was amended vide Finance Act, 2008 by adding a proviso which states that the advancement of any other object of general public utility shall not be a charitable purpose if it involves the carrying on of -

- (a) any activity in the nature of trade, commerce or business; or
- (b) any activity of rendering any service in relation to any trade, commerce or business; for a cess or fee or any other consideration, irrespective of the nature of use or application, or retention of the income from such activity.

The following implications arise from this amendment -

- (1) The newly inserted proviso to section 2(15) will not apply in respect of the first three limbs of section 2(15), i.e., relief of the poor, education or medical relief. Consequently, where the purpose of a trust or institution is relief of the poor, education or medical relief, it will constitute charitable purpose even if it incidentally involves the carrying on of commercial activities.
- (2) Relief of the poor encompasses a wide range of objects for the welfare of the economically and socially disadvantaged or needy. It will, therefore, include within its ambit purposes such as relief to destitute, orphans or the handicapped, disadvantaged women or children, small and marginal farmers, indigent artisans or senior citizens in need of aid. Entities who have these objects will continue to be eligible for exemption even if they incidentally carry on a commercial activity, subject, however, to the conditions stipulated under section 11(4A) or the seventh proviso to section 10(23C) which are that -
 - (i) the business should be incidental to the attainment of the objectives of the entity, and

(ii) separate books of account should be maintained in respect of such business.

Similarly, entities whose object is education or medical relief would also continue to be eligible for exemption as charitable institutions even if they incidentally carry on a commercial activity subject to the conditions mentioned above.

The newly inserted proviso to section 2(15) will apply only to entities whose purpose is advancement of any other object of general public utility i.e. the fourth limb of the definition of charitable purpose contained in section 2(15). Hence, such entities will not be eligible for exemption under section 11 or under section 10(23C) of the Act if they carry on commercial activities. Whether such an entity is carrying on an activity in the nature of trade, commerce or business is a question of fact which will be decided based on the nature, scope, extent and frequency of the activity.

There are industry and trade associations who claim exemption from tax u/s 11 on the ground that their objects are for charitable purpose as these are covered under any other object of general public utility. Under the principle of mutuality, if trading takes place between persons who are associated together and contribute to a common fund for the financing of some venture or object and in this respect have no dealings or relations with any outside body, then any surplus returned to the persons forming such association is not chargeable to tax. In such cases, there must be complete identity between the contributors and the participants.

Therefore, where industry or trade associations claim both to be charitable institutions as well as mutual organizations and their activities are restricted to contributions from and participation of only their members, these would not fall under the purview of the proviso to section 2(15) owing to the principle of mutuality. However, if such organizations have dealings with non-members, their claim to be charitable organizations would now be governed by the additional conditions stipulated in the proviso to section 2(15).

In the final analysis, however, whether the assessee has for its object the advancement of any other object of general public utility is a question of fact. If such assessee is engaged in any activity in the nature of trade, commerce or business or renders any service in relation to trade, commerce or business, it would not be entitled to claim that its object is charitable purpose. In such a case, the object of general public utility will be only a mask or a device to hide the true purpose which is trade, commerce or business or the rendering of any service in relation to trade, commerce or business. Each case would, therefore, be decided on its own facts and no generalization is possible.

6. Notification No. 28/2009, dated 16.3.2009

Rule 37BA providing for credit for tax deducted at source for the purposes of section 199 has been inserted with effect from 1.4.2009.

Sub-rule (1) provides that credit for tax deducted at source and paid to the Central Government in accordance with the provisions of Chapter XVII, shall be given to the person to whom payment has been made or credit has been given (i.e., the deductee) on the basis of information relating to deduction of tax furnished by the deductor to the income-tax authority or the person authorised by such authority.

Sub-rule (2) provides that if the income on which tax has been deducted at source is assessable in the hands of a person other than the deductee, credit for tax deducted at source shall be given to the other person in cases where-

- (a) the income of the deductee is included in the total income of another person under the provisions of section 60, section 61, section 64, section 93 or section 94;
- (b) the income of a deductee being an association of persons or a trust is assessable in the hands of members of the association of persons, or in the hands of trustees, as the case may be;
- (c) the income from an asset held in the name of a deductee, being a partner of a firm or a karta of a Hindu undivided family, is assessable as the income of the firm, or Hindu undivided family, as the case may be;

- (d) the income from a property, deposit, security, unit or share held in the name of a deductee is owned jointly by the deductee and other persons and the income is assessable in their hands in the same proportion as their ownership of the asset:

However, in such cases, the deductee should file a declaration with the deductor. Such declaration filed by the deductee should contain the name, address, permanent account number of the person to whom credit is to be given, payment or credit in relation to which credit is to be given and reasons for giving credit to such person.

Also, the deductor should report the tax deduction in the name of the other person in the information relating to deduction of tax referred to in sub-rule (1). The deductor should issue the certificate for deduction of tax at source in the name of the person in whose name credit is shown in the information relating to deduction of tax referred to in sub-rule (1) and should keep the declaration in his safe custody.

Sub-rule (3) provides that the credit for tax deducted at source and paid to the Central Government, shall be given for the assessment year for which such income is assessable. Where tax has been deducted at source and paid to the Central Government and the income is assessable over a number of years, credit for tax deducted at source shall be allowed across those years in the same proportion in which the income is assessable to tax.

Sub-rule (4) provides that credit for tax deducted at source and paid to the account of the Central Government shall be granted on the basis of -

- (i) the information relating to deduction of tax furnished by the deductor to the income-tax authority or the person authorized by such authority; and
- (ii) the information in the return of income in respect of the claim for the credit,

subject to verification in accordance with the risk management strategy formulated by the Board from time to time.

7. Notification No. 37/2009 dated 21.4.2009

The CBDT has, through Notification No.10/2009 dated 19.1.09, notified the Income-tax (Third Amendment) Rules, 2009 which came into force from 1.4.2009. 8. Service Tax (Provisional Attachment of Property) Rules, 2008

These rules introduced by **Notification No.30/2008 ST dated 01.07.2008** with effect from 01.07.2008 provide as follows:-

Rule 3 - Procedure for provisional attachment of property

- (a) The Assistant or the Deputy Commissioner of Central Excise, after due verification of the facts and circumstances of the case, for the purpose of protecting the interest of revenue, during the pendency of any proceeding under section 73/73A of the Finance Act, 1994, may forward a proposal for provisional attachment of property belonging to a person on whom a notice has been served under section 73(1)/73A(3) of the Act, to the Commissioner in the format prescribed in these Rules.
- (b) The Commissioner may cause service of a notice on such person who can make a submission in this regard within 15 days of service of the notice.
- (c) Upon consideration of submission, the Commissioner may pass an order to attach the property provisionally.

Rule 4 - The property that can be attached

- (1) Value of property attached shall be of value as nearly as may be equivalent to that of the amount of pending revenue against such person.
- (2) The movable property of such person shall be attached only if the immovable property available for attachment is not sufficient to protect the interest of revenue.

Rule 5 - Obligations of person whose property has been attached provisionally

The said person or his representative shall not mortgage, lease, transfer, deliver or deal with the attached property in any manner except with the previous approval of the Commissioner of Central Excise.

Rule 6 - Period for which order of provisional attachment of property remains in force

Every such provisional attachment shall cease to have effect after the expiry of a period of six months from the date of the service of the order passed.

However, Chief Commissioner of Central Excise may grant an extension for a maximum period of two years.

9. Guidelines in respect of provisional attachment of property

Circular No. 103/06/2008 ST dated 01.07.2008 has issued the following guidelines in respect of provisional attachment of property for the purposes of protecting the interests of revenue during the pendency of any proceedings under section 73 or section 73A of the Act:

1. The following types of offences committed by a service provider or an exporter may be considered for provisional attachment of property:-
 - (a) Provision of a taxable service without the cover of an invoice or any other document, as prescribed, and without payment of tax;
 - (b) Provision of a taxable service without declaring the correct value for payment of service tax, where a portion of value of taxable service, in excess of invoice price, is received by him or on his behalf but not accounted for in the books of account.
 - (c) Taking of CENVAT credit without the receipt of goods or services specified in the document based on which the said credit has been taken;
 - (d) Taking of CENVAT credit on invoices or other documents which a person has reasons to believe as not genuine;
 - (e) Issue of service tax invoice or any other document, without providing or to be providing a taxable service, as specified in the said invoice or other document;
 - (f) Claiming of refund or rebate in a fraudulent manner such as on invoice or other documents which a person has reason to believe as not genuine.

2. The provisional attachment of property shall be resorted only in a case where the service tax or CENVAT credit alleged to be involved is more than Rs.25 lakh.
3. Personal property of a sole proprietor or partners shall not be attached. Personal property means any movable or immovable property which is in personal use of the sole proprietor or partner. However, immovable property/ properties which is/ are used for commercial purpose may be provisionally attached. Movable property should be attached only if the immovable property available for attachment is not sufficient to protect the interests of revenue.

It should also be ensured that such attachment does not hamper the normal business of the assessee. This would mean that inputs required for provision of a service should not be attached by the department.

4. Provisional attachment of the property shall not be excessive, that is to say, the property provisionally attached shall be of value as nearly as may be equivalent to that of the amount demanded in the proceedings under section 73 or section 73A of the Act.
5. The provisional attachment of the property of the concerned person shall be made after sunrise and before sunset and not otherwise.
6. After provisional attachment of the property, the Central Excise Officer shall prepare an inventory of the property attached and specify in it the place where it is lodged or kept and shall hand over a copy of the same to defaulter or the person from whose charge the property is distrained.
7. All such property as is by the Code of Civil Procedure, 1908 exempted from attachment and sale for execution of a decree of a Civil Court shall be exempt from provisional attachment. The decision of the Commissioner of Central Excise in this regard shall be final.

10. Clarification of issues relating to service tax levy on goods transport road services

Circular No. 104/07/2008-ST dated 06.08.2008 has clarified the following issues relating to service tax levy on goods transport by road services:

- (i) **Issue:** GTA provides service to a person in relation to transportation of goods by road in a goods carriage. The service provided is a single composite service which may include various intermediary and ancillary services such as loading/unloading, packing/unpacking, transshipment, temporary warehousing. For the service provided, GTA issues a consignment note and the invoice issued by the GTA for providing the said service includes the value of intermediary and ancillary services. In such a case, whether the intermediary or ancillary activity is to be treated as part of GTA service and the abatement should be extended to the charges for such intermediary or ancillary service?

Clarification: GTA provides a service in relation to transportation of goods by road which is a single composite service. GTA also issues consignment note. The composite service may include various intermediate and ancillary services provided

in relation to the principal service of the road transport of goods. Such intermediate and ancillary services may include services like loading/unloading, packing/unpacking, transshipment, temporary warehousing etc., which are provided in the course of transportation by road. These services are not provided as independent activities but are the means for successful provision of the principal service, namely, the transportation of goods by road. The contention that a single composite service should not be broken into its components and classified as separate services is a well-accepted principle of classification. As clarified earlier vide F.No. 334/4/2006-TRU dated 28.2.2006 (para 3.2 and 3.3) and F. No. 334.1/2008-TRU dated 29.2.2008 (para 3.2 and 3.3), a composite service, even if it consists of more than one service, should be treated as a single service based on the main or principal service and accordingly classified. While taking a view, both the form and substance of the transaction are to be taken into account. The guiding principle is to identify the essential features of the transaction. The method of invoicing does not alter the single composite nature of the service and classification in such cases is based on essential character by applying the principle of classification enumerated in section 65A. Thus, if any ancillary/intermediate service is provided in relation to transportation of goods, and the charges, if any, for such services are included in the invoice issued by the GTA, and not by any other person, such service would form part of GTA service and, therefore, the abatement of 75% would be available on it.

- (ii) **Issue:** GTA providing service in relation to transportation of goods by road in a goods carriage also undertakes packing as an integral part of the service provided. It may be clarified whether in such cases service provided is to be classified under GTA service.

Clarification: Cargo handling service [Section 65(105)(zr)] means loading, unloading, packing or unpacking of cargo and includes the service of packing together with transportation of cargo with or without loading, unloading and unpacking. Transportation is not the essential character of cargo handling service but only incidental to the cargo handling service. Where service is provided by a person who is registered as GTA service provider and issues consignment note for transportation of goods by road in a goods carriage and the amount charged for the service provided is inclusive of packing, then the service shall be treated as GTA service and not cargo handling service.

- (iii) **Issue:** Whether time sensitive transportation of goods by road in a goods carriage by a GTA shall be classified under courier service and not GTA service?

Clarification: On this issue, it is clarified that so long as, (a) the entire transportation of goods is by road; and (b) the person transporting the goods issues a consignment note, it would be classified as 'GTA Service'.

11. Clarifications of service tax issues relating to units in SEZ

Circular No. 105/08/2008 -ST dated 16.09 2008 has clarified the service tax issues relating to units in Special Economic Zones. It has been observed that there has been lack of clarity in the field formations administering service tax as regards the applicability of service tax levy on units located in SEZ. This lack of clarity has resulted in certain problems especially with respect to service tax administration. The issues and the proposed actions are mentioned below:

(i) **Non-payment of service tax by SEZ units providing taxable service outside SEZ**

There is no exclusion to SEZs in the Chapter V of the Finance Act, 1994 Taxable services received by SEZ units and SEZ developers for consumption within the SEZ are exempt for service tax under notification No. 4/2004-ST, dated 31.3.2004. However, service tax is applicable on taxable services provided by SEZ units, except such services which are exempt by notification No. 4/2004-ST. The C &AG, has pointed out instances, where SEZ units in Chennai & Cochin were providing taxable services like manpower supply service, technical testing and analysis service etc., to units / persons outside SEZ, without payment of service tax. In this regard the Ministry of Commerce (MOC) has observed that monitoring and collection of service tax does not come under the jurisdiction of the Development Commissioner and that such responsibility rests with the jurisdictional service tax (or CX & ST) authorities under the Central Board of Excise and Customs. Therefore, field formations should ensure that SEZs units, providing taxable services to any person for consumption in DTA (or providing any taxable service which is otherwise not exempt), or is otherwise liable to pay service tax under the service tax law, take registration with the jurisdictional service tax authorities and discharge their service tax liability in terms of the Finance Act, 1994.

(ii) **Refund of Service Tax on taxable services used for the purposes of exports of goods by SEZ units**

Refund of service tax paid on certain taxable services used in export of goods is permitted under notification 41/2007-ST. This notification prescribes that the refund would be allowed by the jurisdictional Deputy Commissioner/Assistant Commissioner of Central Excise. Doubts have arisen as to the authority that would process these claims when made by SEZ, i.e., the SEZ authorities or jurisdictional service tax authorities. As stated above, the Ministry of Commerce has already opined that administering the service tax law is responsibility of CBEC. Refund of service tax is to be processed by the respective jurisdictional authority administering service tax law. Accordingly, it is clarified that the SEZ units, claiming refund of service tax, should take registration with the jurisdictional ST authorities and file their claims there.
