Attempt any four questions. All questions carry equal marks.

1. "The ideology of rule of law embodies the notion that every person is protected against arbitrary exercise of power by the state. The principle of equality demands that non-discrimination must be in-built in the policies and laws affecting people."
Critically examine the above statement.
2. Discuss critically various principles evolved by the Supreme Court to protect the freedom of the press and its power to punish a citizen for contempt of court.
1. Critically examine the scope of life and personal liberty with special reference to laws enacted to control terrorism.
4. The right of minorities does not include right to mis-manage the institutions established by them. Critically examine this statement keeping in view the rights of employees in these institutions. To what extent can the state interfere with the rights of minorities in matters relating to admissions, fee structure and appointments?
5. Critically examine the judicial trend towards reservation of seats in educational institutions. Can any section of population claim reservation in Post-Graduate professional courses?
6. Discuss the scope of the right to religious freedom. To what extent the state can regulate financial and administrative matters relating to religious institutions? Refer to decided cases.
